As part of this year's Science Week we have arranged for a number of outside providers to visit the school.

- "Science Boffins" (www.scienceboffins.co.uk/school-events) will be working with our children and will hold an assembly where they will show captivating demonstrations, perform simple science experiments and show the children how science can help us to understand the world around us. After the assembly they will be running a series of workshops.
- "Berkshire Reptile Encounters" (www.berkshirereptileencounters.co.uk) will be running workshops focusing on the topic "Habitats".
- "Brickies Club" (www.brickies.club/school-workshops) will be coming in to school to run interactive Lego building workshops.
- And finally, we will be visited by David Hall, who will be running a series of workshops introducing the children to the work of the scientists Newton, Brunel and Faraday (<http://www.davidhallworkshopsandshows.co.uk/Science.html>)

In addition to attending assemblies and workshops run by these outside providers children will also be taking part in a carousel of science experiments, a science 'Big Write' and a technology project during the week.

To cover the cost of all of these activities, we are asking for a contribution of £10.00 per child. These contributions can be made via the Scopay online payment system up until Friday 4th October 2019. If you feel you are unable to pay this contribution please can you speak to Mrs Bailey in the school office.
